

TRACK YOUR ROLL-OFFS with **FASTPACE** Software and generate more profits.

1. What Is It?

FastPace Roll Off Software is a "Software Package" designed exclusively for the Roll Off Business and used to carry out its day to day tasks and functions.

FastPace Integrates with QuickBooks and Peachtree.

2. How Can It Help My Business?

By helping you get it done cheaper, better, faster... easier!

- **FastPace** is a "Business System" promoting organization and structure to help your business run smoothly.
- **FastPace** is an "Information System" providing a place to enter, store, and retrieve the happenings and facts of your business.

These, in turn, give you and your people a powerful source of knowledge and understanding. Hence... Controlling, Managing, and Working the business becomes much easier and far more effective.

3. What Does It Do?

FastPace is a business tool to track your containers, manage your customers and pricing, dispatch your loads, create your invoices, and instill procedures and processes that make your business run simply and easily.

- Tracking... Tracks the containers and maintains their history.
- Customers... Records & manages the customers and their pricing.
- Dispatching... Dispatch and manage the trucks, containers, and customers activity.
- Invoicing... Figures & Creates the invoices in QuickBooks and Peachtree.

4. How Easy Is It To Use?

FastPace is moldable to your business. Your **FastPace Personal Trainer** will teach and assist you and your people in the use and operation of the software as it applies to the way you do business. By making your business run simpler and easier, your job can be simpler and easier... and more effective.
